As the whole world is going through an unprecedented time, we wanted to produce an event guide that would support our member events, businesses, and municipalities.

With that in mind, please note that things change and events may be rescheduled, postponed, or cancelled.

As you find events that interest you, please double-check with the event organizers and venue to ensure that the event is going on as scheduled. Events may be rescheduled or cancelled. The CVB website will contain the latest information we have received regarding the event - HeritageCorridorCVB.com.

Remember to support your local businesses, including restaurants, retail locations, attractions, and more when you attend these events. By supporting these businesses, you are also supporting people employed by these businesses.

Thank you for reading this event guide, and thank you for supporting the travel and tourism industry. If you see me at one of these events, let’s take a selfie together.

Sincerely,

Bob Navarro
Heritage Corridor CVB
